The lips: Sex should always start with a kiss. Initially, you might not go any further than a kiss, in fact. Kissing is as intimate as sex, and if you're not comfortable going further than a kiss, a good partner will respect this and wait.

Nipples: A lot of guys like having their nipples played with – they are mega sensitive.

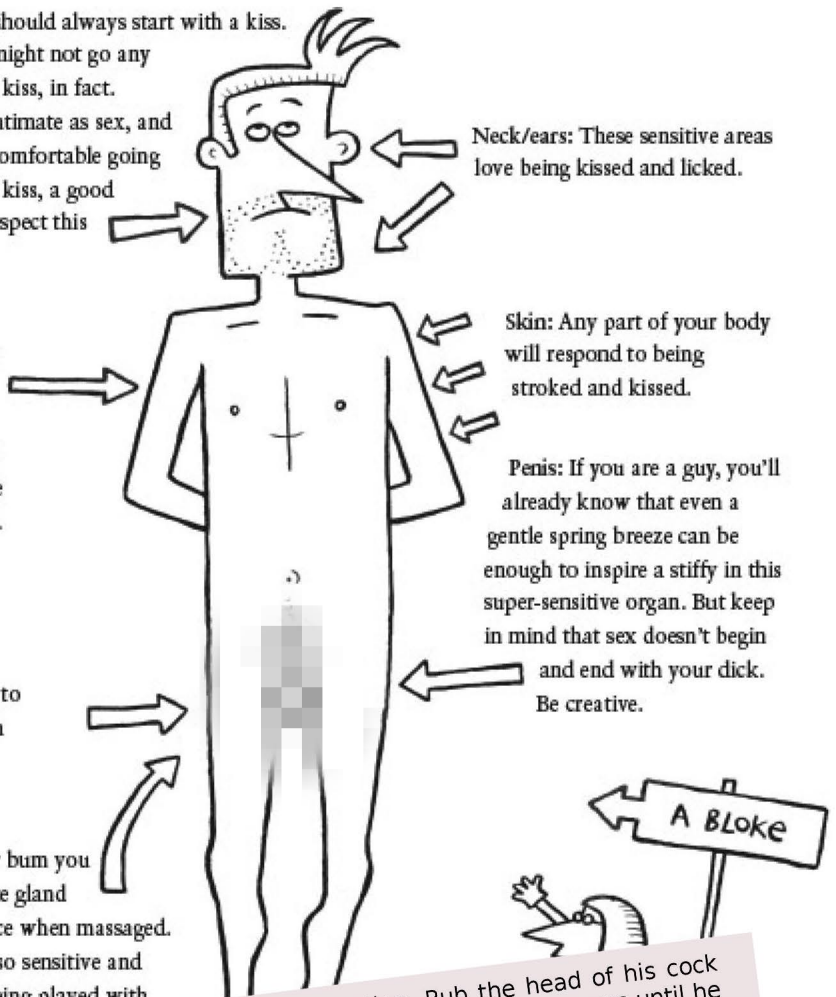

Testicles: Also to be treated with loving care.

Bum: Up your bum you have a prostate gland which feels nice when massaged. The anus is also sensitive and responds to being played with.

Neck/ears: These sensitive areas love being kissed and licked.

Skin: Any part of your body will respond to being stroked and kissed.

Penis: If you are a guy, you'll already know that even a gentle spring breeze can be enough to inspire a stiffy in this super-sensitive organ. But keep in mind that sex doesn't begin and end with your dick. Be creative.

A GOOD HANDIE is all about the wrist action. Rub the head of his cock back and forth with your hand. Try different speeds and pressures until he responds positively.

A BAD HANDIE is grasping a todger and shaking it like a ketchup bottle.

2. **Blowies:** Oral sex is popping another dude's peen in your mouth or, indeed, popping yours in his. There is only one hard and fast rule when it comes to blowies – WATCH THE TEETH. Lips and tongue, yes; teeth, NO.

3. **Bumming:** It is a universal truth that many men like sticking their willies inside things. I suspect it must be biological. Well, in the absence of a vagina, gay and bi men make excellent use of the back door.

How sex apps work:

1. Upload a tiny pic of yourself to the app.
2. The app works out your location.
3. The app tells you who the nearest homosexuals are.
4. You then chat to them.
5. Because they are near, it is easy to meet up with them.
